

Bug Report Template

ID number:	Bugid-1101
Name:	Belgium - Country flag displayed for Belgium though requirement specifies only country name
Reporter:	bhavna shende
Submit Date:	25/09/2025
Summary:	Requirements did not mention flags, but a flag is displayed for Belgium in the dropdown and it is not correct.
URL:	https://www.makemytrip.com/
Platform:	Web Application
Operating System:	Windows 11
Browser:	Chrome v118
Severity:	Low
Assigned to:	UI Developer
Priority:	Medium
Description:	During validation of the country selection section, it was observed that the application displays the Belgium flag icon along with the country name. However, the requirement specifications only mention displaying the country name without a flag.
Steps to reproduce:	<ol style="list-style-type: none">1. Open MakeMyTrip website in a browser.2. Hover to the country field at top right bar.3. Expand the dropdown and locate Belgium (after USA).4. Observe the flag next to Belgium.
Expected result:	If flags are not required: No flag should be shown. If flags are required: Then it should be specified in the US description or acceptance criteria.
Actual result:	<ol style="list-style-type: none">1. Belgium option is available in the dropdown.2. A flag is displayed next to Belgium.3. Requirement did not mention displaying any flag.
